[Intro - Off Plan Investments - The advantages and disadvantages](#)

[Option 1 - Great value apartments with a beachside pool!](#)

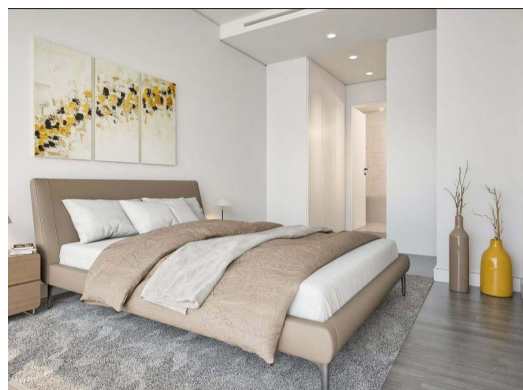

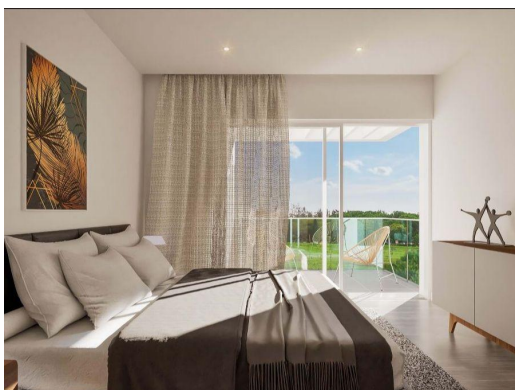

Our recommended option this week is a beautiful condominium of just 5 townhouses and 20 apartments. The apartments are built on just two floors - a ground floor and first floor. The ground floor apartments have private patios and gardens with easy access to the pool.

The first floor apartments have a generous balcony and a private roof terrace around 50m². All of the apartments face southwest so will have glorious afternoon sun. Perfect for that glass of crisp white wine as the sun sets.

The townhouses are very popular and from the six launched we only have two remaining. There are still some excellent options for the apartments but our pick is the two bedroom apartment on the first floor. Unit A4 with 2 ensuite bathrooms and a social bathroom.

 3  4  Yes  268m²  Yes

There are still some excellent options for the apartments but our pick is the two bedroom apartment on the first floor. Unit A4 with 2 ensuite bathrooms and a social bathroom. Price €765,000.
