Rental Income!

Not only has Portugal been voted "best destination in Europe" five times in the last six years, it is also a haven for digital nomads, millionaires, offers special tax status schemes to many Europeans and non-Europeans, as well as its very attractive Golden Visa scheme. On top of all that, it is a safe, welcoming, friendly destination for people of all ages and nationalities, with clean beaches, and an abundance of delicious fresh food. No wonder that all of us at Olive Homes as well as countless clients over the years have chosen Portugal as their home!

At Olive Homes we prioritise making our clients' lives as hassle-free, enjoyable and profitable as possible, therefore we offer a complete service for anyone looking to secure a property, as well as any of the special schemes on offer now in Portugal. With professional advice and an "in safe hands" attitude.

These lovely properties are not just limited to our clients requiring Golden Visa, but also any client looking for a return on investment and a hassle-free investment in Portugal. On top of qualifying for the Golden Visa scheme at the reduced price of €400,000, this resort also offers a 4% return on investment for a 3-year period, including your condominium fees paid and full management of your property. Capital appreciation is also a solid fact of life with property in Portugal. What's not to love?!

Testimonial Of The Week

Massive thank you to David and Monica at OliveHomes.com. We have been on a long journey to find our dream place in the Algarve sun. David has helped us through every step of viewing, offering and closing our villa purchase. Not only have they both helped us with the villa, they have been amazing with putting us in touch with tradesmen, furniture, places to visit etc etc. Above and beyond at times, even taking us for covid tests! Can't recommend them enough. Thanks again.
