PORTUGAL - the best place in the world to retire!!!

Obviously if you know and love Portugal as much as we at Olive Homes do, then you need no convincing of this fact. In fact we go a step further and say "best place to live, at any age!" However it is very satisfying to see that Portugal has now been recognised officially by International Living as the very best place to retire in 2023.

They take into account the diversity, culture, vibrancy of our key cities, such as Porto, Lisbon, Lagos and Loulé.

This includes, the stunning coastline, charming rural villages and towns, the magnificent history, local agriculture and farming communities, as well as the modern infrastructure, plentiful fresh food produced locally, clean water, and high speed fiber internet across the entire country.

Certainly the mix of traditional and modern living is very appealing, as the fact that Portugal has also been found as one of the cheapest places to live as well as one of the safest.

So it is official, come to Portugal and live your best life! Let us help you with our passion and dedication for property, finding and securing the perfect property for you and assisting you with the entire process and beyond. Our after sales care is second to none!
