## Presenting the Olive Homes - Physical Experience!

After so many successful 'Virtual Experiences', we decided it was about time to give our clients and vendors a 'Physical Experience', and it kicked off, this month, with a successful and enjoyable team outing on Vilamoura Marina.

As you know, we are keen to help you with any of your property needs, before, during or after the sale, but the main aim of our mini roadshow is to help vendors to make decisions about selling their property.

### **So the big question - "Is it the right time to sell?"**

Many factors are taken into consideration when selling, but now more than ever is a good time to sell your property, whether downsizing, upgrading or looking to relocate. We can help!

Property prices in Portugal are at an all time high and show no signs of reducing, so you can capitalise on your investment. There are plenty of people looking to buy and we have an extensive database of serious cash buyers waiting for the right property. Political changes a foot may change how the market responds and therefore if you are thinking of selling, let us take care of that for you now. Contact us now and we will take care of the rest.

We will always keep you updated with progress, enquiries, viewings and offers. We do this by being with you every step of the way. We are the experts and our number one priority is happy clients and happy vendors. Please see our google reviews and the testimonials [on our website](#). We put you in first place.

Now that Spring has most definitely sprung, we will be bringing our Physical Experience to a venue near you soon! Watch out for our mailer and social media posts for further information.

If you are already an Olive Homes client, or simply on our mailing list, please do pass this information on to your circle of family, friends, neighbours, colleagues and acquaintances, so they can join in the fun as well as successfully sell their property or buy a property.
